**RECOMMENDATION**

As Vice-president of AVAS, I must specify that my work tasks included also the monitoring of international arbitration files conducted by the **Cobuz si Asociatii** Law Firm, which has represented our interests in domestic and international cases since 1999. These cases total over EUR 100 million. The institution thus represented was either claimant, or respondent.

Of the 15 completed cases, 14 were successful and favourable to our institution, ending in either final decisions, or amiable settlements or transactions.

Taking all this into consideration, we recommend the **Cobuz si Asociatii** Law Firm as a team of dynamic, responsible, professionally well-trained lawyers, with good knowledge of domestic and international law and arbitration.

At this time, we are closing the completion of 3 other international arbitration files, and the following are the involved lawyers: Ms. Alina Cobuz and Ms. Beatrice Tripsa; Ms. Roxana Chirita, Ms. Jeanine Marzacu and Mr. Ion Chivu.

We thus recommend the services provided by the Cobuz si Asociatii Law Firm for the benefit of further prestigious state institutions.
